

The Audit Committee of the South Orangetown Central School District currently has a vacancy. The Board of Education has established an audit committee, in accordance with Education Law §2116-C, to provide independent assistance to the Board in the oversight of the following matters:

1. Assist the Board in providing oversight of the external and internal audit functions, including the appointment of the external and internal auditors.
2. Oversee the competitive Request for Proposal Process (RFP) used to solicit quotations for the District's annual external and internal audit.
3. Review the scope, plan and coordination of the external and internal audit.
4. Review corrective action plans and necessary improvement based on audit findings and recommendations received from external and internal auditors.
5. Provide a communications link between the external and internal auditors and the Board.

Members should possess the expertise and experience in accounting, auditing, financial reporting, internal controls, management/operational audits and school district finances needed to understand and evaluate the school district's financial statements, the external audit of those statements and the district's internal audit activities.

We are actively soliciting individuals possessing the prerequisite expertise and experience needed to complement the Committee and support our school administration. Please send information to Mike Reilly, Audit Committee Chairperson, at [mmmjreilly@hotmail.com](mailto:mmmjreilly@hotmail.com).
