

# 21st Century Learning Skills

South Orangetown Middle School

Sample Lessons

*Click on Picture above to read more about the framework.*

Our Goal is to insure that all SOMS students transition to the high school with the knowledge and experience of utilizing 21<sup>st</sup> century skills.

- **Students will demonstrate creative thinking, construct knowledge, and develop innovative products and processes using technology.**
- **Students will use digital media and environments to communicate and work collaboratively to support individual learning and contribute to the learning of others.**
- **Students will apply digital tools to gather evaluate and use information.**
- **Students will use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources.**
- **Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior.**
- **Students demonstrate a sound understanding of technology concepts systems and resources.**

Students demonstrate a sound understanding of technology concepts systems and resources.
